Overhead Stirrer LX100OHS

Email: info@labdex.com **website:** www.labdex.com

Description

Overhead Stirrer LX100OHS is a benchtop, digital overhead stirrer with a stirring capacity of 15L and stirring speed of 60-1500rpm. Designed with digital LED display and motor torque of 200m N.M. This device is widely applicable in chemical synthesis, pharmaceutical, physical and chemical analysis, petrochemical, cosmetics, health care, food, biotechnology and other field.

Specifications

Stirring volume	15 L
Motor power	40 W
Motor type	Brushless DC Motor
Motor torque	200m N.M
Voltage	220V / 110V
Stirring speed range	60 ~ 1500 rpm
Digital display	LED
Stirring rod length	300 mm
Stirring rod material	SS304
Holder length	700 mm
Clamping range	Ø1.5-10
Net weight	10 kg
Dimension	680 x 390 x 210 mm
Gross weight	11 kg

Features

- Build with brushless DC motor drive
- It has low noise, high reliability and long continuous working
- Equipped with LED display
- SS304 Stainless steel stir rod material

Applications

- Overhead Stirrer used for mixing and stirring processes in various studies of biological sciences, chemical synthesis, cosmetic and pharmaceutical etc.

71-75 Shelton Street Covent Garden, London WC2H 9JQ UK.
